

## GREEN WASTE

Green waste collection takes place according to the schedule available on the website: <https://mpo.krakow.pl/pl/mieszkancy/harmonogramy/zielone>. On the collection day resulting from the schedule, the bag filled with green waste should be placed in front of the property, in a publicly accessible place (roadside, sidewalk) visible from the street until 7 am.

## BULKY WASTE

Collection of bulky waste from single-family housing takes place on the basis of individual notifications sent to the MPO in Kraków, on dates agreed with the employees of the MPO. In the case of multi-family buildings applications should be sent by the property administrator.

Contact: [uslugi@mpo.krakow.pl](mailto:uslugi@mpo.krakow.pl).

## ELECTROBRIGADE ON CALL

Large electronic waste (such as refrigerators, washing machines, TVs, etc.) is collected directly from residents on an agreed date. Contact: information call center (801 084 084) or online application form.

## UNWANTED TEXTILES

Unwanted textiles are collected directly from residents on an agreed date. Contact: information call center (801 084 084) or online application form.

## KRAKÓW ECO-BOXES

"Kraków Eco-Boxes" are containers placed throughout the city for small electronic waste (light bulbs, batteries, CDs, power supplies, etc.). In addition, at each "Eco-Box", twice a month, a car of the Municipal Cleaning Company is on duty, where used syringes, needles and expired medicines can be left. Detailed information is available on the website: <https://mpo.krakow.pl/pl/mieszkancy/uslugi/ekopudelko>.

## MUNICIPAL WASTE SELECTIVE COLLECTION POINTS (PSZOK)

In two Municipal Waste Selective Collection Points (PSZOK): **Lamusownia – 1D Nowohucka** and **PGOW Barycz – 40 Krzemieniecka**, residents of Kraków can leave construction waste, bulky waste, hazardous waste, tires and segregated secondary raw materials without any additional fees. Details are available on the website: <https://mpo.krakow.pl/pl/mieszkancy/uslugi/gromadzenie>.

## REMEMBER!

Waste segregation is **OBLIGATORY**.

Empty packaging should be crushed before throwing it away to reduce its volume.

Before visiting the Municipal Waste Selective Collection Point, read the regulations available on the website.

Owners of single-family houses, who compost bio-waste in their own compost bins, may be exempted from part of the municipal waste management fee.

**DO NOT** throw household waste into street bins!

Dog owners are required to clean up after their pets.
